Move employees, groups and guests with one brief

E-Taxi assesses and coordinates one-off or recurring transportation for organisations in Tunisia. Every proposal starts with the real journey and is confirmed against date, area, capacity and operating constraints.

Missions assessed

- Employee shuttles and shift-change transport
- Individual or group airport transfers
- Delegations, seminars, conferences and events
- Visitors, executives and inter-site journeys

Transport formats

- Car, van, minibus or bus
- 1 to 60 seats per vehicle, subject to confirmed model
- One-way, return, rotation or scheduled programme
- Direct, multi-stop or multi-vehicle operation

Buyer profiles

- Companies, factories, call centres and BPO
- Hotels, restaurants, agencies and event venues
- Embassies, delegations, NGOs and associations
- Schools, universities and multi-site organisations

How the operation is built

1. Brief: passengers, addresses, timing and constraints
2. Feasibility: areas, vehicles and capacity checked
3. Proposal: scope, schedule, conditions and price
4. Launch: contacts and coordination process agreed

The team reviews your request, then contacts you through your chosen channel. Response time depends on the details to check and availability.
