

Move employees, groups and guests with one brief

E-Taxi assesses and coordinates one-off or recurring transportation for organisations in Tunisia. Every proposal starts with the real journey and is confirmed against date, area, capacity and operating constraints.

Missions assessed	Transport formats	Buyer profiles
- Employee shuttles and shift-change transport - Individual or group airport transfers - Delegations, seminars, conferences and events - Visitors, executives and inter-site journeys	- Car, van, minibus or bus 1 to 60 seats per vehicle, subject to confirmed model - One-way, return, rotation or scheduled programme - Direct, multi-stop or multi-vehicle operation	- Companies, factories, call centres and BPO - Hotels, restaurants, agencies and event venues - Embassies, delegations, NGOs and associations - Schools, universities and multi-site organisations

How the operation is built

1. Brief: passengers, addresses, timing and constraints
2. Feasibility: areas, vehicles and capacity checked
3. Proposal: scope, schedule, conditions and price
4. Launch: contacts and coordination process agreed

First human response targeted within 2 business hours, Monday to Friday from 08:00 to 18:00. This is a sales response target, not a vehicle-arrival SLA.
